CHAMPAGNE AND SPARKLING WINES

Champagne, glorious Champagne....what better way than to celebrate with a glass of perfectly chilled Champagne? No matter the occasion, taste or quality requirements, Moderno has an extensive range of Vintage and Non Vintage Champagnes, from the world's most established and renowned Champagne houses in Reims, Epernay and Chalon en Champagne. For those with a slightly more inquisitive palate and nature, we also provide an extensive range of less well known, but equally fantastic quality bottles from the vineyards based in the south of Champagne region.

Using similar production methods, and in many cases, being grown in similar climates and terrains as Champagne, good sparkling wine can be just as rewarding, sublime, and in many cases surpass similarly priced non-vintage Champagnes.

Sparkling wines are fantastic and interesting Champagne alternatives to have for receptions, cocktail parties, speeches, and just general consumption. The English sparkling wines are of a very, very high standard, and can be a fabulous talking point and addition to any event. Also proving a point of interest are the Sparkling wines coming out from India...rich, creamy, with lots of biscuit flavours.
